

DECLARATION FOR PATENT APPLICATION

As the below named inventor, I hereby declare as follows.

My residence address is as stated below next to my name.

I am a citizen of the United States of America.

I believe I am the original, first, and sole inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled SIGNATURE COMMUNICATION SYSTEM, the specification of which was filed on April 3, 1986 as application Serial No. 06/848,017 and was subsequently amended on or about April 20, 1987; October 20, 1988; and July 25, 1990.

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment(s) referred to above.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Section 1.56(a) of Title 37 of the Code of Federal Regulations.

I do not claim foreign priority benefits under Section 119 of Title 35 of the United States Code of any foreign applications for patent or inventor's certificate.

I hereby claim the benefit under Section 120 of Title 35 of the United States Code of my earlier filed United States patent applications:

and, insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States application(s) in the manner provided by the first paragraph of Section 112 of Title 35 of the United States Code, I acknowledge the duty to disclose material information as defined in Section 1.56(a) of Title 37 of the Code of Federal Regulations which occurred between the filing date of the prior application and the filing date of this application.

I further declare that, as to common subject matter of the instant application and my earlier filed United States patent applications listed above of which the instant application is a continuation-in-part for the purpose of receiving benefit of the filing dates of said earlier filed United States patent applications in accordance with the statutes of the United States of America, I do not know and do not believe that said common subject matter was ever known or used in the United States of America before my invention thereof or patented or described in any printed publication in any country before my invention thereof or more than one year prior to the filing dates of the related ones of said earlier filed United States patent applications, or in public use or on sale in the United States of America more than one year prior to the filing dates of the related ones of said earlier filed United States patent applications; that the said common subject matter has not been patented or made the subject of an inventor's certificate issued before the filing dates of the related ones of said earlier filed United States patent applications in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than one year prior to the filing dates of the related ones of said earlier filed United States patent applications and that no application for patent or inventor's certificate on said common subject matter has been filed by me or my legal representatives or assigns in any country foreign to the United States of America prior to the filing dates of the related ones of said earlier filed United States patent applications by me or my legal representatives or assigns; except that my earlier filed United States application Serial No 101,881 was filed in five foreign countries as listed below:

Number	Country	Filed
3974/1972	JAPAN	December 28, 1971
P 21 64 190.7	GERMANY	December 23, 1971
19086/71	SWITZERLAND	December 28, 1971
58814/71	GREAT BRITAIN	December 17, 1971
130,959	CANADA	December 23, 1971

within one year after the December 28, 1970 filing date in the United States of America claiming the priority of the December 28, 1970 filing date of my earlier filed United States application Serial No 101,881; that, as to any subject matter of the instant application which is not common to said earlier filed United States patent applications (non-common subject matter), I do not know and do not believe that said non-common subject matter was ever known or used in the United States of America before my invention thereof or patented or described in any printed publication in any country before my invention thereof or more than one year prior to the filing date of the instant application, or in public use or on sale in the United States of America more than one year prior to the filing date of the instant application; that the said non-common subject matter has not been patented or made the subject of an inventor's certificate issued in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than one year prior to the filing date of the instant application; that no application for patent or inventor's certificate on said noncommon subject matter has been filed by me or my legal representatives or assigns in any country foreign to the United States of America prior to the filing date of the instant application.

I hereby appoint Gilbert P. Hyatt to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith.
